Vote Maxine Bowler For Burngreave

This year we have seen a continuation of the onslaught by a government of the Millionaires for the Millionaires. The latest bosses budget saw tax rates slashed for those earning over £150,000. Cuts in corporation tax and a "Granny Tax" which will take £3.5billion from the pockets of 4.4 million pensioners.

This is at a time when we have suffered cuts in jobs and services, attacks on our pensions, reforms to our NHS which open up almost half of it to be privatised, and the prospects for young people destroyed as unemployment soars.

But where is the opposition? Instead of fighting the cuts, Labour in this city spends £20,000 asking us to choose where the cuts should be made and nationally refuses to pledge to reverse the tax cut.

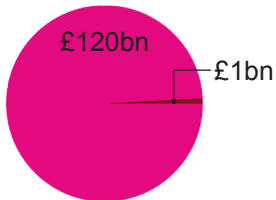

This is a disgrace - these cuts are destroying our lives and our communities.

Why should we pay when the rich have continued awarding themselves bonuses and evading tax to the tune of £69.9bn?

I am an anti cuts activist, part of the Right to Work campaign and the Sheffield Anti Cuts Alliance. I have helped organise the biggest demonstrations this city has seen against the cuts.

We need a voice of resistance in the council chambers!

Where is the real fraud?

- - Tax fraud
- - Benefit fraud
