

## Save Education, Jobs and Public Services!

- Post-16 Education is being cut by £1.1 billion, CONEL college in Tottenham by £2.5 million
- Hospitals in North London are being cut by £560 million
- 3 million are unemployed, including 1 million young people and half of all young black people
- War and occupation in Iraq and Afghanistan have cost £21 billion so far
- The government gave the banks £500 billion
- The Royal Bank of Scotland, now 84% owned by the tax-payer, is paying out £1.3 billion in bonuses

**Vote Jenny Sutton for Tottenham**

Jenny Sutton (left) on the march against education cuts

# Vote Jenny Sutton for Tottenham

**Our public services are being sacrificed to keep the wealthy afloat.**

I am standing against David Lammy, MP, at the election. He is an education minister implementing savage cuts.

The money is there for decent education, health and housing for everybody - where it is spent is a political choice.

There are more millionaires in the UK than ever before. If corporations and rich individuals paid the correct tax, £120 billion would be raised every year - but all the main parties stand for cuts, privatisation and unemployment.

**Public money must be spent on public services - no cuts!**
