

VOTE TUSC FOR COUNCIL HOMES AND RENT CONTROLS

- **Build council homes!** Thousands of high-quality, sustainable council homes to clear the 13,500-long waiting list. Seize empty properties
- **No to Hackney's sky-high private rents!** Rent controls now, and create council jobs to enforce decent standards
- **Stop the land grab!** New developments like Morning Lane and Britannia must be 100% council homes, with plans agreed by the community. Not 75-90% unaffordable private housing like now!

VOTE TUSC TO FIGHT THE COST-OF-LIVING CRISIS

- **A workers' mayor on a worker's wage!** I am a longstanding local anti-cuts campaigner, trade union organiser and Socialist Party member. I will only take a worker's wage if elected. Not the bloated £89k the ousted mayor was living on!
- **Stop the squeeze!** No council tax hikes – fight for the funding our borough needs from Westminster. Support trade union struggle for wage rises – make the super-rich pay
- **Fight pollution, not the poor!** For a free-to-use, publicly owned transport system. No to public transport cuts and new driving and parking charges. For genuine, democratic consultation with communities, workers and surrounding areas on road closures
- **Save our services!** The Socialist Party and me have been consistent in standing on the picket lines and with the community campaigns against every cut. We say: reverse all cuts and privatisation of community resources
- **Islington provides free school meals – why can't Hackney?**

VOTE TUSC BECAUSE YOUNG PEOPLE DESERVE A FUTURE

- **Restore Hackney's closed youth centres** and expand youth services
- **Stop the school closures!** Reduce class sizes to improve education instead
- **Child Q – never again.** Replace the punitive culture the council has allowed in schools with a pastoral culture. School unions, students, parents and the community must be in charge
- **Kick profit out of education!** Fight for free university tuition and vocational training. Stop 'academy' school conversions
- **Invest in socially useful job creation** with real living wages and trade union conditions
- **End low pay!** For a £15-an-hour minimum wage without youth exemptions, and above-inflation pay rises

TUSC – the Trade Unionist and Socialist Coalition – is standing because Labour now act just like the Tories. We are an alliance of socialist groups, trade unionists and community campaigners. Working-class and young people need a voice!

A fighting, socialist mayor for the working class

WORKING-CLASS AND YOUNG PEOPLE IN HACKNEY HAVE BEEN LET DOWN.

Mayors and councillors from all of the main parties choose to pass on Tory government cuts rather than fight for us. They have slashed over £200 million of jobs and services in real terms.

As a socialist mayor I would start rebuilding the jobs and homes we need – and send the bill to Number 10. TUSC fights alongside workers, unions and the community to win more resources from government and the super-rich.

This mayoral election will decide who negotiates for our borough with both the present government – and the next one. The council and mayor in Hackney have complied with Tory government austerity, and if we elect more of the same, they will try to comply all the more with Starmer government austerity.

Among many other attacks, this council tried to close Fernbank and Hillside children's centres. So who would best represent our borough as a fighter? I am a

member of the Socialist Party, part of TUSC. We supported the campaign that saved those children's centres and have fought every cut.

By leading a mass campaign, councils could start doing everything written opposite – and more – tomorrow. Hackney Council has over £345 million in 'usable' reserves to kick things off. But to win that fight, working-class people also need a new, mass party that stands up for us.

And we need a new way of running society, based on public ownership and democratic planning to benefit the majority, not private profit for the billionaires.

WE NEED SOCIALIST CHANGE!
